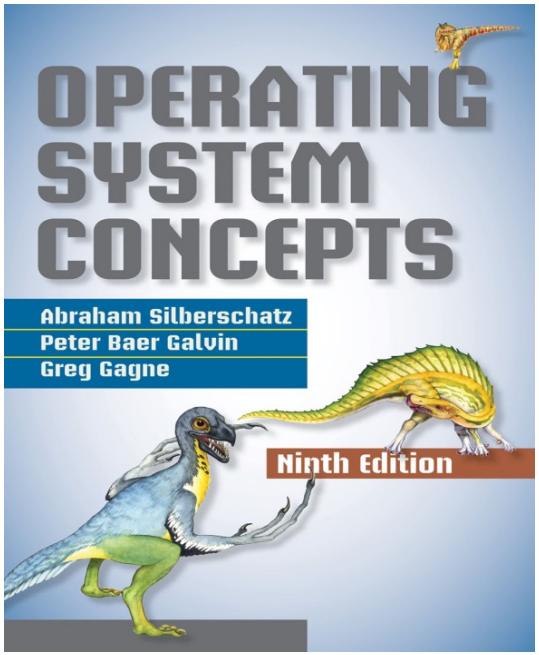
Operating Systems

Lecture 0: Introduction



Nguyen Minh Son, Ph.D

UIT-HCM

Course Information

- Instructor
  - Dr. Nguyen Minh Son (sonnm@uit.edu.vn)
  - Facebook: sonhardware nick (messeger favourite)

- Office: Faculty of CE, Building E.6.5
- Prerequisite: *Computer Architecture* or the equivalent

- Meeting time: Thursday 6-9@E4.1 or 2-5@E4.1

- Textbook
  - ABRAHAM SILBERSCHATZ, PETER BAER GALVIN, GREG GAGNE, Operating System Concepts Computer (9th edition), Wiley, 2013.

- Other teaching materials
  - Some reference books available in class meetings and course web
  - Slides & Lectures

- Coordinator1: Dang Hoai An (24520039@gm.uit.edu.vn)
- Coordinator2: Tran Ngoc Bao Huy (24520702@gm.uit.edu.vn)
-

Objectives – To Learn

- What Operating Systems Do?
- Computer-System Organization
- Computer-System Architecture
- Operating-System Structure
- Operating-System Operations
- CPU Scheduling
- Process Management
- Memory Management

Course evaluation

- Grading policy: (Let's discuss in detail)
  - Home works – Exercises (attendance): 15%
  - Lab exam: 15%
  - Midterm + Quizzes Exam: 20% (Multiple choice and Problems)
    - Offline (writing)
  - Final + Quizzes Exam: 50% (Multiple choice and Problems)
    - Offline (writing)
- No cheating ?!
- Attendance ?

Enjoy !!!
